

Foodservice Connect

Foodservice Connect is an activity where the FSAA arranges tours of specific industry venues of interest to members.

A member-exclusive activity we have had visits to places such as the kitchens of the Brisbane Convention & Exhibition Centre, Q Catering in Melbourne, Snapfish in Brisbane and the galley of the P&O cruise liner Pacific Jewel.

As we are usually restricted to the numbers that can participate we take a “first booked, first in” position as they are so popular. We generally have all places booked within a couple of days following the notification so the rule is “get in quickly”.

It is fascinating to see how these kitchens operate plus the planning and organisation necessary to achieve success!

We will continue to search for interesting venues to further enhance the industry understanding of our members.
