

We are excited to welcome submissions for the 2024 Innovation Awards, part of the FSAA National Awards of Excellence. This category, available exclusively to FSAA members, celebrates your business's innovation in the foodservice industry.

To enter, please complete the submission form. The FSAA Innovation Awards are highly regarded and offer unparalleled national recognition. Securing this award will elevate your organisation's profile and demonstrate your dedication to industry growth.

This is a prime opportunity to position your business as a foodservice supply leader. Please ensure every part of the submission form is detailed and complete, as partial entries cannot be processed. Your submission should include a thorough account of your innovations.

Entries are due by 5 pm (AEST) Friday, **July 14th, 2024**. We eagerly anticipate your contributions and wish you success in the FSAA Innovation Awards.

## Process

### Submission Process for the 2023 FSAA Innovation Awards:

- 1. Eligibility:** Any FSAA member company or organisation is welcome to nominate for the Award, provided they meet the specified criteria.
- 2. One Submission per Company:** Each member company may submit only one entry for consideration.
- 3. Selection of Finalists:** An FSAA selection panel will evaluate all submissions and choose the finalists based on their fulfilment of the criteria.
- 4. Selection of Winner:** From the chosen finalists, the panel of judges will determine the overall winner based on their scoring system.
- 4. Key to Success:** Submissions should showcase genuine innovation and must have all sections of the application completed.
- 5. Awards Ceremony:** During the ceremony, all finalists will be acknowledged, and the winner will be announced. National Awards will be hosted in Melbourne on September 3.
- 6. Final Decisions:** The selection panel's and judges' decisions are final, and no further correspondence will be entered into.

**Please follow this process to ensure a smooth and fair evaluation of your submission for the 2024 FSAA Innovation Awards. Good luck to all participants!**
